Teachnook

Web Development Intern in collaboration with the IBM and Cognizance IIT Roorkee

EDUCATION

CUTM, Parlakhemundi, Odisha, 761200

(July 2022 - Present)

Bachelor of Technology in Computer Science and Engineering

Sjjrc, Kashinagar, Odisha, 761206

(2020 - 2022)

+2 Science

PROJECTS

Attendance App

<https://drive.google.com/file/d/1dTDJNNg3Qhmdpv71eUqjblgB-wvfKAq/view>

The Attendance app facilitates efficient management of classes and subjects, enabling users to organize classes, add students, and maintain attendance records seamlessly.

It includes a calendar feature for tracking student attendance on specific dates.

Technologies:- Android Studio, SQLiteDBHelper

Scientific Calculator

A scientific calculator equipped with an extensive range of operations including logarithms, trigonometric, inverse trigonometric functions, exponential calculations, factorial computations, square roots, and constants like pi and e. It features a convenient left-side drawer housing all these scientific operations for quick and easy access.

Technologies:- HTML, CSS, Javascript

Other Small Projects

<https://github.com/tatapudisairam>

A collection of small projects including a visually engaging landing page, a user-friendly stopwatch, an elegant portfolio, a practical attendance app.

HTML, CSS, Js and Android studio
